- Past the water station at the end of George Lane and Bolde Wood to Bromley Cricket Club.
- Follow the circuit of fields around and back to the water station where the route follows itself back.
- On the return journey through the park runners will not detour around the river but will run straight down the tarmac road.

The course is generally flat and is good going unless it rains in the preceding days in which case it can become muddy. If the weather is good, running flats are recommended.
